

Scholarship Information and Application

It is the mission of the Family Center for Autism to provide opportunities for participation at the Family Center to any person or family, regardless of their ability to pay the standard membership or program fee. Each year the Family Center for Autism raises money through our fundraising campaigns to provide scholarship funding. Families not able to afford the full program fees may be awarded assistance based upon their demonstrated financial need.

The Family Center for Autism has established the standard whereby applicants will be asked to pay some portion of the fees, contributing to the costs associated with their participation. Scholarships are awarded for a one- year period for all participating programs. Applicants will be notified in writing the status of their application.
