### Teaching Trades Series

In 2019, the world is a marketplace. Between the internet, farmer's markets, and pop-up boutiques it is easier than ever to get hand-made products to those who need and love them. With underemployment being such a large problem within our population we are happy to introduce our "Teaching Trades" series. These classes will teach our participants how to create a specific, high-quality product that when finished can be sold in a variety of settings. This series is where interest and income overlap and over time individuals will learn to independently and skillfully create an item that in the future they could make for profit.

Items made in these classes will be sold in the lobby of The Family Center with the profits going to the individuals who made those specific items.

Join us for this exciting new program by enrolling in one of the following classes:

- Soap Making for Adults - Monday 4:00 - 5:00 pm, Saturday 1:00 - 2:00 pm**
- Soap Making for Teens - Monday 5:00 - 6:00 pm**

Join us in this exciting new program to build skills, to make friends, and to hopefully make some money!
